

## Project Title: Helping Some Bangladeshi Brilliant Students to Continue Their Education

HridoyaBangladesh has launched this project in 2007 with a great ambition of helping some unprivileged brilliant students to continue their college education. With the generous financial support from a lot of kind hearted people staying in different parts of the world, HridoyaBangladesh has supported 43 students (28 male and 15 female students were selected based on their outstanding SSC'07 achievements and financial needs) from 12 different districts throughout last 2 years.

**Table 1** shows the distribution of the student results in percentiles. In the last column, a pie diagram shows overall success of this project in terms of GPA achieved by HridoyaBangladesh supported students.

**Table 1: Results Distribution**

GPA Obtained	Students	Percentiles	
Golden A+	2	5%	
A+	13	30%	
A	16	37%	
A-	1	2%	
B	4	9%	
In Progress	2	5%	
Dropped	2	5%	
F	2	5%	
Not Available	1	2%	
<b>Total Students</b>	<b>43</b>		

Achievements of the students are very encouraging. Among all 43 students, two students achieved Golden A+ (the highest grade in all subjects) securing them among the bests in this public examination. A large portion of them (roughly 30%) achieved general A+ (might be missing highest grade in one or two subjects at most) and a significant portion (37%) secured A and some others got A- and B. Out of all these 43 students, two students went for Polytechnic Institutes after their SSC examination in 2007. They are in their third academic year now and we will be able to provide more update about them after they finishes this year. It was very unfortunate that one of our students, Haklima Akter from Khulna, had to drop out from the HSC exam due to severe sickness. Another student, Md. Rokonuzzaman from Nilphamari, dropped out during his study. **Table 2** shows detailed information for each student in dictionary order of his/her first name.
